Re: Range Guest, Policy #0001

The Manhattan Wildlife Association Board of Directors establishes the below guest policy for range use by nonmembers. Effective June 5, 2014 Due to overcrowding & overuse of the range, Starting August 1 going through October 31 on the weekends the Guest Policy will be suspended. All other times of the year the current Guest Policy of ONE guest per time per membership will apply.

The above policy supersedes all past policies the Association may have had in the past.

Gary Delin
President
Manhattan Wildlife Association
